

# The Clik-Clik™ Magnetic System

America's easiest way to hang  
ceiling signs without a ladder or lift

# Clik-Clik ... Ceiling Outfitters' Most Popular Product

A single user will confidently connect signs to the ceiling from the safety of the floor with the Clik-Clik™ Magnetic Sign Hanging System. Clik-Clik is used in over 22,000 locations nationwide including retail, manufacturing, event venues and educational and faith-based organizations. With professional-grade design features and functionality, Clik-Clik is the best sign-hanging solution in the marketplace.

Create your own Clik-Clik solution from the components below. Or, purchase one of our value-priced starter kits from the website. Each kit includes a telescoping MagPole, a sturdy MagMover, strong neodymium ClikMagnets and our LoopLine cord.

## 1. Choose a MagPole™

- Durable Aluminum and Fiberglass Construction
- Lightweight and Easy to Maneuver
- Telescoping Sections Lock into Place
- Collapsible for Easy Transportation and Storage

A) **One-Button MagPole**  
10-11702  
(for ceilings up to 14ft)

B) **MagPole**  
10-18000  
(for ceilings up to 23ft)

C) **Monster MagPole**  
10-18023  
(for ceilings up to 27ft)

## 2. Select a MagMover™

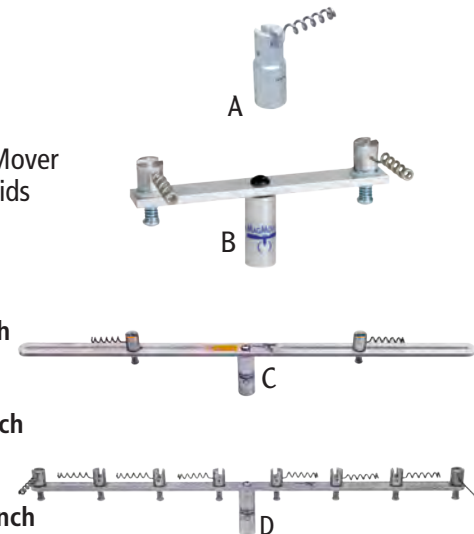

- Securely Transports and Retrieves ClikMagnets
- Heavy Duty Steel and Aluminum Construction
- 24-inch Wide Dual MagMover Matches Most Ceiling Grids

A) **Single MagMover**  
10-94290  
(holds one magnet)

B) **Dual MagMover – 6-inch**  
10-10402  
(holds two magnets)

C) **Dual MagMover – 24-inch**  
10-12402  
(adjustable)

D) **Multi-MagMover – 24-inch**  
10-10408  
(holds up to 8 magnets)

## 3. Add ClikMagnets™

- Connect to Any Metal Surface
- Use on Drop or Open-Beam Ceilings
- Attach LoopLine Easily to Center Ring
- Available in Four Magnetic Pull Strengths (PS)

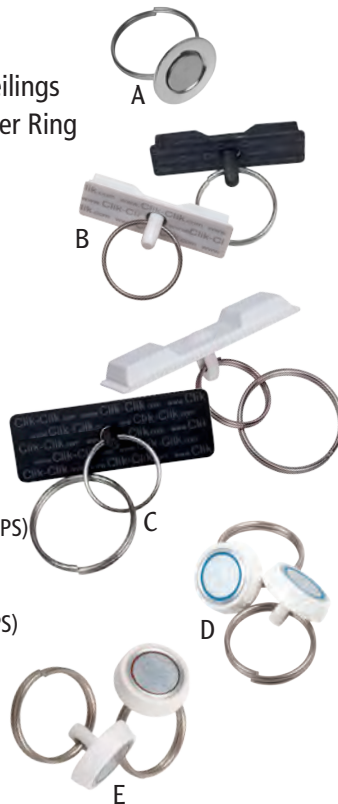

A) **Mini ClikMagnet** (3-lb PS)  
10-93503  
(Silver)

B) **Regular ClikMagnet** (5-lb PS)  
10-94300 10-94299  
(Black) (White)

C) **Super ClikMagnet** (10-lb PS)  
10-95288 10-95277  
(Black) (White)

D) **Round Blue ClikMagnet** (10-lb PS)  
10-95570  
(White)

E) **Round Red ClikMagnet** (20-lb PS)  
10-95600  
(White)

## 4. Include LoopLine™

- LoopLine Reduces Set-Up Time
- Quick and Simple to Attach; No Knots to Tie
- Signs Always Hang Level
- Available in Four Tensile Strengths (TS)

A) **LoopLine Light – White** (5-lb TS)  
10-70155  
(328-ft spool)

B) **LoopLine Light – Clear** (10-lb TS)  
10-70165 10-70168  
(164-ft spool) (508-ft spool)\*

C) **LoopLine – Black** (25-lb TS)  
10-70144 10-70124  
(82-ft spool)\* (328-ft spool)

D) **LoopLine – White** (25-lb TS)  
10-70133 10-70123  
(82-ft spool) (328-ft spool)\*

E) **LoopLine – Clear** (25-lb TS)  
10-70166 10-70126  
(82-ft spool)\* (328-ft spool)

F) **LoopLine 400 – Gray** (400-lb TS)  
10-74035  
(115-ft spool)

\*Not Pictured

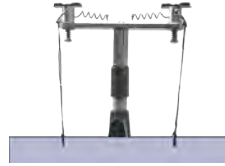

1

Thread MagMover onto MagPole

2

Attach KlikMagnets to your sign with LoopLine

3

Place prepared KlikMagnets onto assembled MagMover

4

Extend MagPole to connect and suspend your sign from a metal surface

# Sign Hanging Made Safe, Quick and Easy
